

AP Calculus 2022-2023 Summer Work Information

Hello everyone and welcome to AP Calculus. All of your summer work will be on Google Classroom, and you will essentially have one lesson to do each week. Everything you need for the course over the summer will be posted so please register for the class using the link below as soon as possible.

<https://classroom.google.com/c/NTE0OTUwMjUxNDI5?cjc=jligm3g>

The join code is **jligm3g** if you prefer to join that way or the link does not work for you. I do not have everything up yet, but I will have the site completely updated by the first of June.

Please let me know if you have any questions.
