

**If you have not yet had calculus -**

A. [Calculus Readiness Diagnostic](#)

When you have completed it, screenshot the results page and send it to me by email (mdubee@holynamestpa.org). This will help me know where you may need extra practice.

B. [Desmos Activity](#)

Choose the option to log in with Google and use your holynamestpa.net email address.

C. [Practice Problems](#)

Complete each of the following before the start of class. I will release solutions on Veracross on the day of orientation so that you are able to check your solutions before class begins.

D. Prepare for BC Topics (whatever you'd like to refresh from pre-calc)

- a. [Parametrics playlist](#)
- b. [Partial Fractions review](#)
- c. [Desmos polar activity](#)

**If you have had calculus –**
