

Required Forms for all NEW students, PRE-K students, KINDERGARTEN Students, 7th and 9th grade students

The State of Florida requires a current **Florida Dept. of Health Health Exam Form** (physical) and a **Florida Certification of Immunization Form** on file before the beginning of the school year for:

- **Students Who are New To the School in any grade.**
- **Pre- K students.**
- **Kindergarten students**
- **7TH grade** - students must provide an updated **Florida Certification of Immunization** Form indicating that they have received the tetanus, diphtheria, pertussis booster (Tdap). A new Health Exam Form is not necessary.
- **9TH grade students**

If your child is not a new student or is not entering Pre-K, Kindergarten, 7th or 9th grade, then you do not need to send in a new form every year.

These forms are only available at physician and clinic offices.

It is **mandatory** under Florida state law that these forms are on file at school before the beginning of the school year.

If the forms are not received with current requirements, your child may not attend school until their health records are complete.

If you have any questions or concerns, please call Patti Alberts in the clinic at 839-5371 (ext. 342.) **Please send forms to the clinic.**
